Charge options for foreign payments and payments in foreign currencies:

Sharing of charges (SHA)

In the case of payments within the EU/EEA, each party must bear their own charges. As a general rule, therefore, only charge option SHA is available for these payments.

All charges borne by the originator (OUR)

You pay all charges. This means that, in addition to VP Bank's own charges, you will also be liable for a fixed third-party charge covering all third-party charges billed to us.

All charges borne by the beneficiary (BEN)

The beneficiary bears all charges relating to the transaction, including VP Bank's charges.

Other		CHF 35

The charges are calculated in the currency of the debited account. The currency conversion is based on the foreign exchange mid-rate on the day in question.

¹¹ SEPA direct debits: Foreign payments EUR in EU/EEA no charge.

¹² For standing orders not issued via VP Bank e-banking, there is a one-off set-up fee of CHF 10 per order.

This procedure cannot take place unless the person who is liable to pay has signed a direct debit authorisation in favour of the payee. The payer has the right to contest any unauthorised debit to his account.

For your security: The VP Bank Maestro Card offers you effective protection against card misuse (skimming) by means of our GEO blocking security service. We also offer enhanced security by limiting the number of card withdrawals that can be made against your available account balance. In addition, you are free to determine your own individual withdrawal limit. A PIN will be requested when making contactless payments for amounts over CHF 40 or the equivalent. A PIN may be requested at any time should several consecutive contactless payments under CHF 40 be made.
